SKILLS

Currently developing:

Jupyter Notebook

PyCharm

Postgres SQL

Scikit learn

Visual Studio Code

Pandas

NumPy

Matplotlib

Git Bash

GitHub

Scrum

Python

SQL

Machine Learning

Google Colaboratory

Deep Learning

TensorFlow

PERSONAL PROFIL

For the last few years, I have worked in the logistics industry. However, being aware of my analytical skills, I decided to educate myself and learn about the methods of data analysis in IT. In the past, I studied at the University's Faculty of Economic Sciences, so I can analyze, process and interpret data. I would like to develop in my further professional career as the Junior Data Scientist.

EDUCATION

August 2021 – April 2022 – Data Science

infoShare Academy – Gdańsk – Number of hours on the course 445h

Tools/libraries: Postgres SQL, Git Bash, GitHub, Visual Studio Code, PyCharm, Jupyter Notebook, Pandas, NumPy, Matplotlib, TensorFlow, OpenCV, Google Colaboratory

Technologies/methodologies: Python, SQL, Scrum, Tableau

Deep Learning project

Creating an application that uses the object-in-image detector (Yolov4) to recognize photos from microscope. The subject of interest was to find a blood cells for infected with malaria.

Machine Learning project

Development of an application that could be used by wine distributors to search for a new wines for their collection. The application took parameters (e.g. alcohol concentration, sulphates, pH) and made predictions that classified the wine as good or bad wines.

Python project

Kickstarter, that is the analysis of projects with crowdfunding funding. We created an application that showed which projects were successful in each country and calculated the probability (based on several factors) of what chances of success your project would have.

SQL project

Election 2016, that is the analysis of the US presidential elections. In the project group, using the available data, we investigated how demographic factors determine who people vote for.

November 2010 – July 2011 – Certificate English Entry 3

Thurrock Adult Community College

October 2003 – June 2008 – Management and Marketing
